LEAVE
THE HVAC
MAINTENANCE
TO US

GUARANTEED LIFETIME PROTECTION (GLP) PROGRAM

Campbell's Guaranteed Lifetime Protection (GLP) program helps you plan for maintenance and keep your building operating efficiently, while realizing annual savings.

The GLP program provides a complete transfer of risk and responsibility for heating, ventilating, and air conditioning (HVAC) systems. It may, in special situations, include other non-environmental mechanical equipment.

Campbell Customers Can Be Confident In Our:

- Fixed cost for HVAC maintenance and repairs with no surprises
- Extended equipment life
- Ensured equipment reliability
- Lower overall expenses
- Optimal air quality and comfort conditions
- Reduced system downtime
- Single source responsibility

Your Risk 0%

Our Risk 100%

Our experience and expertise allows us to guarantee and assume the risk for the HVAC systems we install and maintain for the complete life cycle of the equipment and components through the GLP program.

GLP Program Includes:

- Test and inspect labor and expense
- Preventive maintenance labor and expense
- Repair labor and expense
- Trouble calls (emergency service) labor and expense
- Parts and components and labor for replacement
- All travel and living expenses
- Maintenance of filters, coils, water treatment, or other special equipment if specifically stated in the agreement
- Refrigerant (excluding R-22)

Customer Benefits:

- Lower owning and operating costs
- Budget control
- Investment protection
- Extended equipment life
- Reliable system operation
- Reduced energy consumption
- Peace of mind

TRUST YOUR HVAC MAINTENANCE TO CAMPBELL
